## Full HD Multiple Streams Ultra High Definition IR Bullet IP Camera

KLIS IPCAM-4K-IR-VA Multiple Streams Ultra High Definition IR Bullet IP Camera equips with SONY back-illuminated CMOS sensor which supports 4K2K resolution. Built-in with an outstanding processing engine, the camera delivers 4K2K real-time streaming provides 4 times details of Full HD resolution without sacrificing the frame rate. Software features, such as Privacy masks and ROI windows, further extend the range of camera application. The new generation built-in IR LED module emits sufficient infrared lights to light up the area under surveillance without the help of any additional lighting devices. The cable management bracket not only saves the time on installation but also keeps the cables from sabotage. With the international IP66 rating and weatherproof design, the Bullet IP camera can also perform stably in harsh environments.
